

Profile

I am a University Technician in Computer Science, I have knowledge in various areas of computer science, particularly in the area of programming with applications oriented to desktop and web. I have knowledge of the programming languages PHP, Html, Css, Javascript, C#, Sql, FoxPro, Visual FoxPro, Asp.Net, Delphi, Java. I have supported through virtualization (VirtualBox / VMWare) in servers, desktops, office applications and database engines (MySQL / SQL Server). I have had the opportunity to work with graphic design applications such as Inkscape, Gimp, PhotoShop, CorelDraw, etc. With knowledge in networks and structured cabling. Also with average Docker knowledge. If you want to know more about me, visit my website, Portfolio section.

Skills

- PHP
- HTML/HTML5
- CSS
- SQL
- Asp.Net
- C#
- Delphi
- Java
- JavaScript
- FoxPro
- Visual Foxpro
- Virtualización
- Database
- Inkscape
- Gimp
- PhotoShop
- Illustrator
- CorelDraw
- OS Windows
- OS Linux
- Support
- Docker

Languages

- Spanish (native)
- English (A2)
- Czech (A1)

Education

1989 - 1995
University Institute "Antonio José de Sucre",
Valencia, Venezuela.
Higher University Technician in Computer Science.

Experience

2020 - 2023
OPERATOR.
Reconext s.r.o. Říčany. Czech Republic.
I was in the Microsoft project, I performed tasks at the discretion of the group leader, in addition to testing power supplies, optical disk drives (ODD), solid state disks (SSD) and hard disks (HDD). I also performed activities in packaging, quality and x-stress.

2018 - 2020
DISHWASHER.
Hard Rock Cafe s.r.o. Praha 1. Czech Republic.
I performed cleaning activities in different areas such as kitchens, refrigerator rooms, etc. I handled specialized equipment in the washing and disinfection of utensils for the kitchen and the restaurant in general.

1998 - 2015
SYSTEMS PROGRAMMING ANALYST.
University of Carabobo, Valencia, Venezuela.
Developed and supervised the development of programming according to design. Tested, evaluated and recommended software. I gave follow-up to the implemented systems and I realized the necessary corrections. I designed and installed network schemes. Defined and implemented database access levels. I established the means and details of data storage, tables, files, restrictions and security to be applied in the systems. I gained knowledge of different programming languages. Etc.

1990 - 1998
PROGRAMMER I.
University of Carabobo, Valencia, Venezuela.
I designed and developed desktop applications, as well as implemented different programs and systems. I coordinated the work plan, together with the supervisor. I prepared periodic reports of the activities performed. Maintained and repaired computer equipment. Etc.
